About This Guide

This guide was born out of a need in the Atlanta Jewish community for consolidated resources for supporting LGBTQ+ youth during tumultuous times.

We offer this guide as a reference only. Every effort has been made to identify viable options for you and your family, supported by community input. However, SOJOURN does not have institutional relationships with all of the organizations listed here.

If you don't see what you are looking for and/or if you'd have someone you'd recommend here, please let us know by emailing info@sojourngsd.org.
